Dear,  
penpal.

I greet you in Jesus name, Amen. I hope you are okay. We from Northern Uganda, Kitgum District are suffering from war for about eighteen years and it is stilling continuing. This war is led by Joseph Kony rebel and his commends.

What the rebels always do are as follows; killing innocent people, abducting young children, burning of houses, shooting motor cars/vehicles, etc. And as are suits, people are in camps, lack of education, orphan age, people are suffering from diseases and many other problems associated with war.

And we have now started to help this children as Sunday school children, by counselling them, teaching them and helping them to grow spiritually as God-fearing people. We are five teachers who are helping this children.

please, help these children and pray for us, so that God should bring peace in our land Northern Uganda.

write back, please! God bless you all. Amen.

  
Number of children we are helping them is about  
2000
